

29HO12209 SHOTTLE Daughter:
Gorwood Shottle Bobin VG-87
Owned by Peter Ankers, Huxley, Cheshire, England

29HO12209 SHOTTLE

Mtoto x Aerostar

SHOTTLE is the hottest bull in the UK (some say the world) with a sizzling type proof that climbs with each additional scored daughter. His Excellent dam, Condon Aero Sharon EX-91, was all UK in the showing and is now transmitting greatness to her sons and daughters. To date she has bred 7 EX and 17 VG offspring. SHOTTLE is over 2 points for Udder Composite and Feet and Legs while delivering a low 7% Calving Ease. He offers positive component levels and outstanding producer benefits in key management traits. For world class genetics and marketing allure there's only one SHOTTLE.

29HO10340 BRAD Daughter
Koetsier Brad 1036-Grade
Owned by Jay and Jake Koetsier, Tulare, CA

29HO10340 BRAD

Basar x Bellwood

BRAD launches into the global spotlight with a +.16% fat percentage and +1599 TPI. Both his sire and grandsire were proven in Germany with Basar, being the sire of several active sons in our global product offering. His cow family is no stranger to ABS customers as his 3rd dam is none other than Wa-Del Rc Blackstar Martha EX-93 2E and the dam of 29HO9899 TOUCHDOWN. BRAD sires the framy kind with daughters having tremendous depth and openness of rib while packing plenty of front end power. Nearly +3.00 FLC, he is clearly one of the new global

leaders for mobility traits and combined with his positive components he fits nicely into all segments of the market including confinement and grazing operations. Please note his Holstein Association registry status is 97% RHA-I.

29HO10241 HESS Daughter
Cornerstone Hess 545-Grade GP-83
Owned by Rick Gorzeman, Tipton, CA

29HO10241 HESS

DECISION x Formation

HESS comes from the "Happy" family as his grandam is Lynncrest Converse Happy EX-91, the dam of HAYES. This elite Top 100 TPI sire is from a powerfully built EX-90 dam with two full sisters to HESS carrying on the female family tradition. Rock Solid™, HESS delivers a balanced proof for balanced breeding results. Combined with his 7% Calving Ease, he is projected to become one of the next generation sales leaders from ABS.

29HO10140 STRESS Daughter
Beaupark Stress Echo VG-85
Owned by Jeff and Jim Stanton, Ilderton, ON, Canada

29HO10140 STRESS

Marty x Rudolph

STRESS has earned his ABS stripes as the #3 LPI bull in Canada for two successive sire summaries. While daughter numbers and reliability could be higher, the information in hand is extremely exciting! His sire and grandsire are both highly successful second crop sires. His cow family is one of North America's best as most everyone has heard of the "Sher-Est". He carries the Stanton prefix but comes from the same family as SUNDAY, Skip, and SOVEREIGN, all tracing to the one of a kind SOUTHWIND Saturday. STRESS

is bred for efficient, profitable, and sustainable production and that's just what he delivers.

29HO10407 LUSTER Daughter
Wiese Luster 710-Grade
Owned by Wiese Brothers, Greenleaf, WI

29HO10407 LUSTER

LANTZ x Patron

LUSTER is ABS' first LANTZ son and he sports a +2.05 Udder Composite and balanced overall proof. Study his pedigree and the proof makes sense. He has the high milk and foot and leg proof that mirrors LANTZ and Aerostar, his third sire. His elite udder composite comes from Horstyle Patron Mandy, EX-93 EEEEE and one of the finest uddered ABS bull mothers ever! Luster is a black bull that combines yield and udders, always a hit with discriminating customers. Throw in LANTZ on an EX-93 dam and LUSTER is sure to meet producer demands.

29JE3256 JUPITER Daughter
Rachelles Jupiter 4147
Owned by Delta View Jerseys, Visalia, CA

29JE3256 JUPITER

Mannix x Bold

JUPITER is a new addition to the ABS Jersey line-up. He was very popular as a young sire, and already has 56 daughters in production. This Mannix son from the Forest Glen herd is the first proven grandson of Havs Chief Berretta Jade E (95%). JUPITER saw dramatic improvement in all linear udder traits since last summary. His progeny have been getting rave reviews from those who have seen daughters, and it looks like the AJCA Appraisers like them just as much.
