A New Frontier

- Exciting new young gun of the Injemira program, purchased by Keelan Pastoral Co, NSW, at the 2025 Autumn Injemira sale
- An incredibly unique pedigree to hit Australian soil featuring renowned New Zealand's Elite Herefords N314 R123 and Matariki King Pin. Elite R123 has not been used in Australia outside the Injemira herd.
- Structurally flawless, Northam is as smooth as a cat, exhibiting a strong head a neck carriage, awesome top line strength and is square and wide over the hips and from behind
- The sheer muscle and grunt in this young sire is complemented with an abundance of bulging soft flesh, depth of flank and just oozes doing ability
- Now consider his data; low GL (top 15%) makes him ideal for heifers, combined with explosive top 25% 200D, 10% 400D and 15% 600D growth figures!
- His whopping +7.8 (top 1%) EMA, positive rib and rump fat and +1.9 (top 6%) IMF combo is just the cherry on the cake!
