EA Bells Girl 2181

Simply Audacious

- Lead-off and high selling bull of the Ellingson Angus 2025 bull sale
- Arguably one of the most complete data and phenotype total package individuals raised and sold at Ellingson Angus
- His data profile and paperwork reads to a genuine balance without sacrifice where you will love the performance and maternal capabilities
- His young donor dam is a flush sister to Open Range and a daughter of the prolific donor EA Bells Girl 2181, and really impressed us on our recent tour at Ellingsons Angus in early July
- His powerful rib cage and hip with superior body width and softness and a true herd bull presence make him simply Audacious
- The full sisters to Brazen inspected recently at Ellingsons are simply divine – beautifully headed, wide topped and softness to boot with excellent dispositions
- Expect Brazen to be one of the most heavily used AI sires across the US in the near future – his pedigree and maternal characteristics are seriously special
