Craftsmanship, Legacy and Innovation

- Lucchese is the Heir Apparent, prepared to assume the throne from his legendary sire Patriarch
- In a word, Additive. Added performance, added end product, added maternal and \$Maternal, added phenotype and added docility
- The maternal side of his pedigree brings absolutely everything Gartner-Denowh and the GDAR prefix imply in terms of form and function – They are the right kind
- Lucchese stands on a big sound foot for a calving ease bull with added bone and substance
- Recent inspection of Lucchese in Montana has reaffirmed our position that he is arguably THE BEST Patriarch son to have emerged in the US, period.
- Lucchese is immaculately well balanced, with excellent feet and carries all the favourable characteristics of his sire Patriarch with added frame and substance
