## Majority Rules

- Available late Spring 2025
- The ultimate power, data and phenotype US sire in our 2025/26 line-up, combining incredible EBV and EPD data with solid phenotype and sound structure
- Majority really impressed on the 2025 US bull inspection tour. He is a long bodied, strong topped individual with a long clean front and strong head and neck carriage
- For a sire of his data calibre, he possesses mass and great Angus breed character with added depth of flank and strong hindquarter
- On US EPDs, Majority is the #1 \$Combined sire in the ABS lineup, and offers a combination of elite \$Maternal and \$Combined indexes
- Now take a look at his phenomenal EBVs on our Australian system – huge BW to 600D spread, and back for MCW
- Solid milk, great scrotal and ELITE docility at +51 (top 1%), with awesome carcass data to boot – top 5% CWT, +9.1 EMA and +4.2 IMF
- Top 30% on all structural EBVs, and indexes all in the top 10% of the breed
- His first progeny are making a very positive impression on the hoof while rising to the top of index lists and setting new standards for paired \$Combined and \$Maternal value in the USA
- Recently, a Majority daughter was the \$280,000 top-valued female at the US National Finals Angus Sale
