Te Mania Kirby K138

Te Mania Pheasantry P1479

Te Mania Dandloo L256

Milwillah Krakatoa K92

Murdeduke Jedda N216

Murdeduke Jedda K402

Oh, I'm on Fire

- Springsteen is without question the soundest, most powerful and phenotypically balanced Pheasantry son to grace Australia
- Packed with red meat and oozing softness, Springsteen combines a cracking data set while maintaining balance, structure and phenotype
- Out of the highly esteemed Murdeduke Angus program, Springsteen is backed by a pedigree littered with greats of the Australian Angus breed including Matauri Reality, Milwillah Krakatoa and TeMania Emperor!
- Structurally, Springsteen is difficult to fault, and epitomises modern day carcass performance with old school power, muscle and grunt!
- Springsteen is broad muzzled, thick topped and packed with muscle along the spine, across the loin and down through the flanks and hams
- Super low BW option with high growth, awesome DTC, positive rib and rump fat, and a whopping +5.6 IMF, not to mention his top 6% docility ranking
- 2025 Inspection: Springsteen is a powerful framed individual and extremely long bodied with near-perfect feet!
