Alterra of Conanga 784J

Modified High Performance Genetics

- The next generation Comstock with more performance and scale
- Dominated his weaning and yearling contemporary group with a monster 126 WW ratio and 116 YW ratio
- His mother is an ideally designed young first calf heifer that is setting the bar in the large Connealy contemporary groups
- This big scrotaled, big hiped, big topped individual offers a sweeping rib cage and stands on a near perfect foot
- Our 2025 US Beef tour inspection notes for Superstock show that he is a powerfully made and framed individual, and a logical next step on from his now famous sire Comstock
- You have to admire the strength and width of spine in this young powerhouse, smooth through the shoulder, strong chined with excellent tail head placement and a great disposition
- Now take a look at his Australian EBVs – massive growth – top 1% 200, 400 and 600D EBVs, solid milk, excellent docility at +39
- His +94 CWT EBV is absolutely reflected in the bull upon visual inspection- Superstock is packed to the brim with red meat, and his top 5% NFI ranking is just the cherry on the cake!
