 Cherne Evergreen X353-D501

Mother Lode of Genetic Opportunity

- Now the #1 Angus Registration Sire in the Angus breed!
- Deep, wide, thick and square from any angle, one of the standout phenotype bulls of both the 2022 and 2025 US inspection tour
- A true B- muscle pattern bull with a thumping hindquarter and so much fill from hip to pin down to the hock
- Flawless EBV data profile offering big calving ease, low birth with loads of muscle!
- Huge milk, solid docility and phenomenal carcass data including +17.5 EMA and +4.1 IMF combination!
- Grandson of the globally famous ABS sire KM Broken Bow, Comstock is breeding with the same extreme muscle and butt shape as his grand-sire many years ago!
- 2026 inspection – good scrotal, great foot and heel structure, quiet disposition, clean sheath and insane thickness!
- Truly a rare combination of powerful phenotype and data to burn, Comstock's progeny are shooting the lights out in Australia and exuding the power and thickness that he himself possesses
