A Serious Contender

- Young calving ease and growth phenom who ranks in the top 10% of the breed for 4 traits, and top 25% for a massive 12 traits!
- GAR Contender sits top 3% for marbling in the US Angus herd
- US structural EPD's show contender in the top 4 & 3% respectively for both claw and angle, and top 1% docility rankings!
- Super correct, good footed young gun who will add data but more importantly will maintain balance, shape and moderate frame size
- Take a look at his whopping birth to growth spread and moderate MCW data, combined with +14.6 EMA, +4.3 IMF and solid +42 DOC EBVs
- 2025 inspection showed Contender as a very atypical G A R sire- a fraction more moderate than most, thick-set, and packed with so much muscle!
- He is a super slick-skinned bull and will really suit a wide variety of Australian production systems, particularly in NSW and further north into QLD
