A New Frontier

- Young gun of the Injemira program, purchased by Keelan Pastoral Co, NSW, at the 2025 Autumn Injemira sale
- An incredibly unique pedigree to hit Australian soil featuring renowned Elite Herefords N314 R123 and Matariki King Pin. Elite R123 has not been used in Australia outside the Injemira herd
- Structurally flawless, Northam is as smooth as a cat, exhibiting a strong head and neck carriage, awesome top line strength and is square and wide over the hips and from behind
- The sheer muscle and grunt in this young sire is complemented with an abundance of bulging soft flesh, depth of flank and just oozes doing ability
- Now consider his data; low GL (top 15%) makes him ideal for heifers, combined with explosive top 35% 200D, 30% 400D and 600D growth figures!
- His whopping +7.5 (top 4%) EMA, positive rib and rump and +1.9 IMF combination is the icing on the cake!
