LT Young Gun

- LT Regional, affectionately known as "Reggie" was the high selling, 2/3rds interest yearling sire of the 2025 LindskovTsale, to Hang'n A Cattle, Washington.
- June 2026 inspection of Regional was a standout of our trip across any breed- Regional boasts superb structure and constitution with added frame and length galore!
- He is long and clean fronted, displaying excellent head and neck carriage and a top-line you could land a plane on. Flowing down through a smooth shoulder into a powerful middle and powerful hindquarter that is chocked with muscle from hip to hock
- Complementing the sensational phenotype and structure of this young powerhouse is a great data profile across a number of key traits
- Consider his excellent low birth and strong top 5% WW and top 2% YW EPDs, combined with top 20% Milk, top 2% Scrotal and top 5% MTL EPD's
- Then we get to the carcass- top 4% CW, top 1% REA, topped off 0.37 (top 5%) marbling, together generating a $320 (top 2%) TSI index ranking!
- Homozygous polled, PA free
