A+ Frame, Power, Structure

- New photo due late Spring 2026
- If frame, power, structure and stretch is what you're chasing, you've found THE Aussie bull to deliver
- Vancouver descends from one of the most prolific female lines that have emerged at Murdeduke in the Jedda family, backed by the ever-present Baldrige Isabel Y69 cow
- Admire the length of spine and hindquarter strength of this youngster, matched in with a smooth skin type and a fantastic set of feet
- Then consider his data. Powerful growth curve all in the top 15% of the breed with a top 2% carcass weight at +100 backed by a modest +3.2 for birth, low GL at -7.6 and solid calving ease making him a heifer or cow option to add serious punch into your herd
