FS 18 months	6

Millah Murrah Quartz Q29
Millah Murrah Trigger T308
Millah Murrah Abigail M280

Millah Murrah Rector R53
Millah Murrah Flower T105
Millah Murrah Flower P76

The All Rounder

- It's amazing to see how much softness and type can be mixed in with deep bone and the overall sire appeal that Wrangler displays
- One of the most complete sons of the renowned \$180,000 Millah Murrah Trigger to have hit the Australian market
- What a pedigree! Sires influencing Wrangler include Trigger, Hector, Quartz, Loch Up and Kruse time, with Dam lines of the fabled Flower, Abigail and Brenda families all featured
- His Dam, Flower T105, hit the donor pen after her first calf, described by Ross as "the absolute standout heifer of the crop". Moderately framed, displaying immaculate structure and depth of body while maintaining that widely regarded femininity we've come to expect from the Flower line
- A perfect heifer option with low BW, elite GL and exceptional calving ease backed by a staggering 200, 400 and 600-day growth curve
- Now consider the rest of W162's data profile; +28 milk, +31 Docility, +91 Carcase Weight, +12.4 EMA and fats in the top 30% of the breed- it's no wonder he sits in the top 10% for every index available!
